DNP

New Printing Business Opportunities!

DIGITAL PHOTO PRINTER

DS-RX1

The New DS-RX1 Dye Sublimation Print System
New Print Business is Now Possible with a Small Investment

REVOLUTIONARY & EXPANSIONARY

- DNP's dye sublimation media experts participated in the creation of the printer.
- A more cost-effective printer without sacrificing functionality or quality.
- Power consumption has been decreased by 30% while operation and by 50% while waiting compared to previous models.
- New dedicated software lets you offer many print services with just one PC!
- The new self-order terminal, "DS-T3r" is also available to connect several printers.
- New print services make your store a destination for customers. New customers mean more profit opportunities for you!

With this DS-RX1, you can start your print service and open up new business possibilities.

Our new dedicated software lets you give your customers value-added print services like ID Photo, Frame Prints and Collage Prints

SELF ORDER SOFTWARE NX Type-LE

Frame Print
Give your favorite photos a designer frame. Choose your favorite frame from our exclusive collections.
